

Promote freer thinking and active participation in your next group meeting.

# Designed to work together, the Nexus product family enables a more collaborative experience for your small group interactions.

Starting with the intuitive and ultra portable Tablet markerboards, you can coordinate your thoughts, interact with others, contribute to the discussion, and communicate with the team – working the way you want – via design features that connect Nexus products together for flexible “we” spaces that enable both informal discussions and larger group presentations. From here, the sky’s the limit for the possible interactive opportunities and collaborative workspaces available with Nexus.

Nexus creates a culture that supports collaboration, allowing you to share and build knowledge while empowering individuals within the small group dynamic.
