

WADDELL®

a GMI company.

In this picture: 2075 floor case (with optional lighted cornice) with carmel oak finish, satin natural framing with plaque fabric backing.

RELIANT FLOOR CASES

Reliant Series combines the strength and durability of aluminum with the engaging look of wood. Anodized aluminum framing secures the sliding glass doors and incorporates a built-in lock. The accent wood, which comes in oak veneer or wood-grained vinyl, completes the design for a clean, uncluttered appearance. Reliant Series display cases may be used with a separate cornice lighting fixture for an enhanced presentation. Ideal for either traditional or contemporary settings, the Reliant Series is a value-packed choice for the protected display of your treasured memorabilia.
