

PARTS LIST

LETTER CODE	DESCRIPTION	QTY.	PART NO.
(A)	High Leg	2	4163-03
(B)	Low Leg	2	4163-04
(C)	Center Pole	1	4163-01
(D)	Long Bolt	4	4163-22
(E)	Acorn Nut	8	4163-24
(F)	Short Bolt	4	4163-23
(G)	Hook	4	4160-02

Note; when corresponding about parts, be sure to state color (black or chrome)

Identify the two types of legs: the (A) High Leg has its mounting holes 1/2" closer to the top of the tubing than the (B) Low Leg.

Find the bottom end of the (C) Center Pole; the bottom has holes much closer to the end than the top does.

Insert (D) Long Bolts through one of the High Legs, through the upper set of holes on the center pole bottom, and through the holes of the other High Leg. Secure with (E) Acorn Nuts.

Repeat the last procedure with the (B) Low Legs, and the lower set of holes in the center pole.

Now follow the same general procedure at the top of the center pole, using (F) Short Bolts, (G) Hooks and (E) Acorn Nuts.

Tighten all nuts.
