

# Smart-Pak Combo Boards

Greener. Affordable. Stylish. Safer. Reliable.

New combination marker and tack boards from Ghent offer a modular solution that will save you time and money.

**Smart-Pak Combination Boards** from Ghent utilize a modular, finished-component style that delivers the same great look and performance while requiring less time and labor to install saving you money. The interchangeable aluminum framed marker and tack surfaces allow you to choose from thousands of configurations to select the one that's ideal for your customers' needs. It also allows you the freedom to easily replace or renovate individual sections within the board.

**Smart-Pak Combination Board's** design offers an eco-friendly solution by reducing the packaging material by 25% versus traditional boards. This results in more reliable shipping and less in-transit freight damage making your job easier.

**Prema-Tak Vinyl Colors**

**Recycled Rubber Tack Colors**

**Cork**

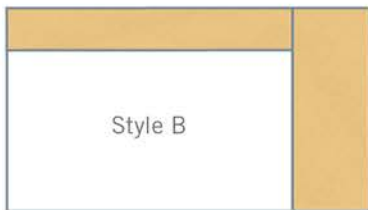

Colors shown left are for reference only and may not reflect the true colors and intensity of Prema-Tack & Recycled Rubber colors. When ordering, tack surfaces are not mixable.
