## Assembly Instructions

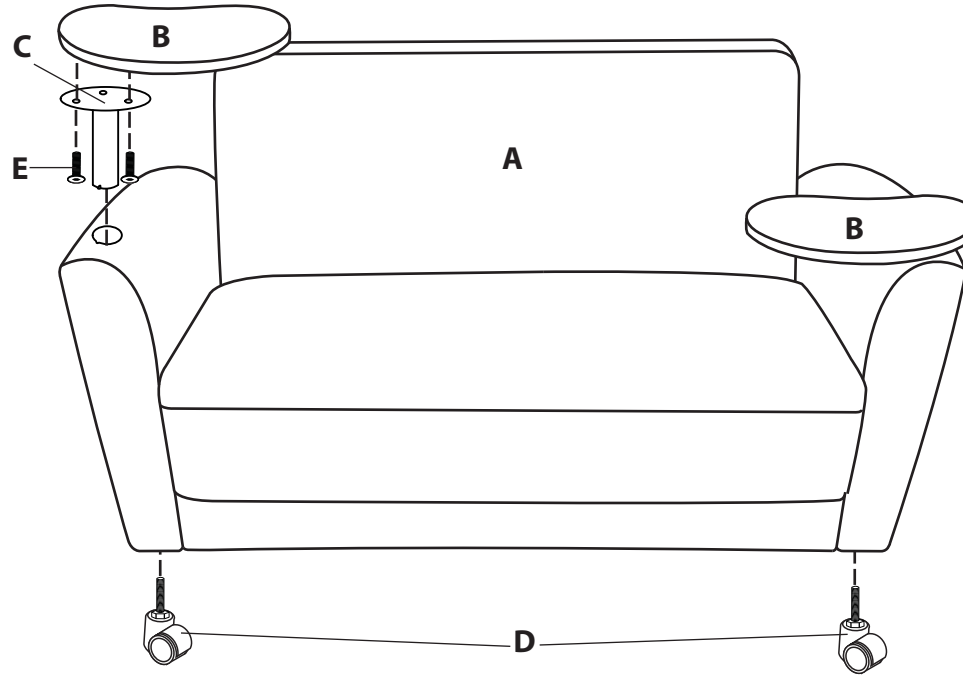

**Tools Needed: Allen Wrench and Wrench (provided).**

**Step 1:** Attach the Casters (D) to the Sofa (A) by carefully laying the Sofa (A) onto its back and inserting the Casters (D) into the corresponding holes on the bottom of the seat using the Wrench (F).

**Step 2:** Return Sofa (A) to upright position.

**Step 3:** Attach Tablet Support Bar (C) to Tablet (B) by inserting 6x12mm Tablet Screws (E) through the holes and into the bottom of the Tablet (B) using Allen Wrench (G).

**Step 4:** Insert Tablet Support Bar (C) into the Sofa (A), being careful to line up notch on the bottom of the bar with inset gap in the sofa grommet hole. Be careful to place the the tablets on the appropriate sides of the Sofa (A). Both tablets should face inward toward to couch as shown.

**WEIGHT CAPACITY: 600 lbs.**

### Assembly Notes:

During assembly, hand tighten screw only. When all screws are in place, you may then tighten all screws completely.

### CAUTION:

1. Do not use this chair as a step ladder.
2. Check for loose screws and tighten them every 6 months.
