

Pace

Pace is a uniquely versatile collection of modular laminate components for creating class/training/computer room tables; racetrack and U-shape conference tables; work tables; single, double and 4-person workstations...all at optimum value. Coordinates with OSP Napa Series casegoods.

Materials

- Scratch-resistant, textured thermally fused laminate surfaces
- Impact-resistant 3mm PVC edges
- Metal Legs with powdercoat finish

Design Details

- Mahogany & Fog/Charcoal Grey laminates with smooth PVC edges
- Black or Metallic metal legs in T-Arc & Post Leg styles
- Optional modesty panels
- Matching wood grain laminate drawer interiors

Construction

- 1-1/8" tops and 5/8" modesty panels
- All components sold and packed/shipped individually
- All tops, legs and modesty panels feature metal-to-metal assembly
- Pedestals ship assembled

Training/Class/Computer

- 4', 5' & 6' tops @ 24" deep
- All tops feature metal inserts for attachment of T-Arc and/or Post Legs, plus Modesty Panel
- Support bars per each top size
- Modesty panels are optional
- Legs ship with levelers; optional casters available

Office

- Arc Tops attach to rectangle or octagonal tops with flat plates (two included) to form L-shape workstations
- 'Right Arc Top' requires (user's) left end to be attached to a rectangle/octagonal top while (user's) right end be supported by metal leg(s) or fixed pedestal. Opposite for 'Left Arc Top'.
- Fixed pedestal (#65) designed to support worksurfaces; replaces leg(s); cannot attach modesty panel when using fixed pedestal
- Octagonal Tops are designed for creating 4-person workstations
- Octagonal Tops are two-piece tops with flat plates for assembly included; requires (6) post legs per top for support
- Mobile pedestal (#85) fits under worksurfaces supported by metal legs

Conference

- RaceTrack shape conference tables are comprised of a Half-Round Top at either end and two rows of equal-length Rectangle Tops in between
- RaceTrack tables will feature a 2" center cord drop area
- Rectangle Tops can share Metal Legs, providing more room for feet/legs and reducing overall table costs
- Corner Tops can be used to make a 90-degree turn between runs of Rectangle Tops
- Corner Tops share Metal Legs with the Rectangle Tops they attach to

Program

- Coordinates with Napa Series casegoods
- Full range of office/conference seating from Office Star
- All casegoods InStock
- Ten Year Warranty
