Assembly Instructions

Inspect all components for shipping damage. Report any damage immediately.

Items not included but needed for assembly:
1. Screwdrivers, mounting screws
2. Contact Cement

Instructions:
1. Position the base cabinet in your desired location. Level the cabinet. Anchor cabinet to the wall.

2. Clean the top by washing with water only.

3. Attach the rubber base molding using contact cement. After molding is in place, screw stainless steel corner brackets on each corner over the base molding.
