JAYPRO MODEL OCV-900

3 " DIAMETER STEEL OUTDOOR VOLLEYBALL SYSTEM

System shall consist of one winch upright and one anchor upright and shall be supplied with a tensioning winch and strap. Uprights are intended to fit snugly into 3.570" I.D. rigid aluminum x 36" deep floor sleeves. (Model No. OCV-900G)

Uprights shall provide men's and women's net height settings by means of twin welded roller tabs on the winch upright and twin welded "D"-rings on the anchor end. Uprights shall be constructed of 3 1/2" O.D. x .187"w galvanized steel tubing.

Tensioning system shall consist of a ratchet-type winch and include an attached 2" high strength nylon web tensioning strap. Uprights shall have attached rubber feet to protect finished floors during transport. All hardware shall be zinc-plated.
