

EVERLAST CLIMBING INDUSTRIES, INC.

ASSEMBLY INSTRUCTIONS FOR METEORITE MISSION

INCLUDED MATERIALS:

- 2 Green bases
- 2 PVC Poles
- 1 Yellow Ring
- 10 Red ropes with white handles

ASSEMBLY INSTRUCTIONS: (refer to Figure 1)

1. Insert desired number of ropes into holes of yellow ring. Attach ropes to ring by tying knots at the ends of each rope. (See Figure 1) Ten ropes are included, but the activity can be performed with fewer ropes, if desired.
2. Insert poles into green bases. Be sure to secure in place by pressing firmly.
3. Check that the tops of the poles are level. If necessary, reposition poles by pressing on the higher sides.

NOTE: The length of each rope may be adjusted simply by rolling the rope around the handles.
