## 482436 4000 Series Activity Table, 24" x 36" Top

**Description:** Virco's 4000 Series activity tables include model 482436 with a 24" x 36" top.

**Top:** The 1-1/8" thick top shall be constructed of 45lb density particleboard with a high-pressure laminate finish. The top's underside shall be sealed with a backing sheet. Edges shall be protected with T-mold banding.

**Leg Assembly:** The upper leg assembly shall consist of 1-1/8" x 19 gauge tubular steel, welded 360° to an 8 gauge leg plate. The lower leg shall be 1" x 18 gauge tubular steel.

**Leg Attachment:** Each leg shall be attached to the underside of the top with the provided #10 screws. Note: Legs must be field-installed.

**Leg Adjustment:** Standard legs shall adjust top height from 22" to 30" in one-inch increments. A positive locking device shall employ a set screw and a corresponding T-nut welded to the inside of the upper leg. The T-nut shall enable the set screw to engage a minimum of 1/4" thread bearing surface.

**Leg Options:** For tables with fully chromed adjustable legs enabling a top height from 22" to 30" in one-inch increments, specify model 482436CHRM. For tables with fully chromed non-adjustable legs enabling a 30" top height, specify model 482436N. For tables with short adjustable legs enabling a top height from 17" to 25" in one-inch increments, specify model 482436LO. For tables with wheelchair-height adjustable legs enabling a top height from 26" to 34", specify model 482436W.

**Glides:** Each leg shall be equipped with a 1-1/4" diameter, inside-holding nylon-base swivel glide.

**Glide Options:** Optional steel-base, felt-base and rubber-base glides shall be available. For steel-base glides, add SG to the end of the model number; for felt-base glides, add FG to the end of the model number; for rubber-base glides, add RG to the end of the model number.

**Metal Finish:** Standard upper legs shall be available with a powder coat finish, while standard lower legs shall be fully chromed; this metal finish combination shall also apply to optional short legs and optional wheelchair-height legs. Optional fully chromed adjustable legs and optional fully chromed non-adjustable legs shall be fully chromed.

**Additional Options:** (1) For a high-impact plastic book box, specify model UBOOK; (2) For a high-impact plastic tote tray kit, specify model UTOTE; (3) For a trapezoid shelf, specify model USHLFTRAP48; (4) For an adjustable-height column for the optional trapezoid shelf, specify model UCLM; (5) For a tie plate kit, specify model UGANG; (6) For a 2-3/4" diameter grommet kit, specify model UGRMT27; (7) For a metal (steel) book box, specify model 481BB.
