## HCT8 Folding Chair Truck

**Description:** This chair truck can transport and store up to 42 of Virco's model 162, 167, 168 or 188 folding chairs.

**Frame:** Four lengths of formed, 14 gauge steel rails shall be welded together to form a base. The frame shall be reinforced with a 7-1/4" wide x 14 gauge steel center cross channel welded to the frame's side rails. A U-shaped handle shall fit into two steel tubes welded to one end of the base. A removable U-shaped chair stop shall slide along a groove in the base to keep the chairs upright. The handle and chair stop shall be made of 1" diameter x 15 gauge steel tubing.

**Casters:** The chair truck shall be equipped with (2) 5" swivel polyolefin casters and (2) 5" rigid polyolefin casters. Each caster shall be mounted to the base with four bolts, lock washers, and nuts.

**Assembly:** The chair truck shall be shipped ready for assembly.

**Metal Finish:** The chair truck shall be available with a powder coat finish.

**Dimensions:**

HCT8: 100"L x 21W" x 38-1/4"H (handle)

**Carton Cube:** 5.3 ft3

**Capacity for Selected Virco Chairs:**

<u>Model</u>	<u>Capacity</u>
162	42
167	42
168	42
188	42
