

# Card & Multimedia Storage

## Card & Multimedia Storage

- 1. Heavy Duty Construction**  
All welded construction. Six channel uprights provide the basis for an exceptionally stable frame.
- 2. Drawers Stay Shut**  
Positive locking thumb latches ensure that drawers stay closed until you're ready to open them.
- 3. Sliding Compressors**  
Sliding compressors keep materials upright and organized for easy access.
- 4. Quiet, Effortless Movement**  
Drawers glide on heavy duty, full progressive, ball bearing suspensions.
- 5. Solid Foundation**  
Base has a fully welded, enclosed bottom to keep the unit structurally aligned even when fully loaded.
- 6. Gang Locking of Drawers**  
Plunger style lock secures all drawers simultaneously.
- 7. Full Drawer Access**  
All drawers extend completely for total access to each drawer's contents.
- 8. Stores More Than Just Cards**  
Versatile drawer sizes offer secure storage for almost anything, including paper documents, computer media, CDs, Blu-Ray/DVDs—you name it!
- 9. Organize Your Materials**  
Dual label holders accommodate large cards for easy identification of contents.
- 10. Large Handle for Easy Opening**  
Large, brushed aluminum handle makes it a snap to open the largest or fullest drawer.

### DIVERSIFIED STORAGE CAPABILITY

Drawers are designed to safely hold a wide variety of material. Tensco Card Files give you the most flexibility whether your needs are storing one type of media or a mix. Drawers extend full length, providing easy access to items stored at the back of the drawers. Choose from three different size drawers that offer materials a secure and dust-free environment.

### SECURED DRAWER CONTENTS WITH ADJUSTABILITY

Drawers can be made inaccessible through an integrated keyed gang-lock, preventing unauthorized access to valuable or sensitive information. Adjustable dividers keep contents neat, upright and easily accessible. Drawers are 26 $\frac{7}{16}$ " deep, offering plenty of storage space.

## Thirty Drawer Organizer

- 1. Label It - Find It**  
Large indexing area provides plenty of room to describe drawer contents.
- 2. Removable Drawers**  
Safety stop prevents drawers from accidentally falling out of unit. Drawers can be removed and interchanged for convenience.
- 3. Optional Dividers**  
Sort contents of drawers with slide-in dividers. Great for organizing small items and parts.
- 4. Window Frame Construction**  
Drawers slide in and out within individual steel compartments.
- 5. Raised Base**  
Base offers protection by keeping materials raised up from floor level.
- 6. Combine Units**  
Knockouts on top and sides of each unit allow joining multiple units together top-to-bottom and side-to-side. For even greater versatility, combine these units with Tennsco Literature sorters. (See page 6)
- 7. All-Steel for Long Lasting Use**  
The organizer is constructed throughout of steel for a no-compromise product that will perform for years.
- 8. Integrated Steel Handle**  
This good looking but sturdy handle means it won't break off no matter how rough it's used for years of trouble free use.
- 9. Custom Organization**  
Thirty drawers provide endless organizational possibilities for small items, forms, etc., whether in an office or production setting.
- 10. Compact Unit**  
Letter sized unit:  
30<sup>5</sup>/<sub>8</sub>" w x 11<sup>5</sup>/<sub>8</sub>" d x 33<sup>7</sup>/<sub>16</sub>" h

## Thirty Drawer Organizer

This is the answer to those storage and filing problems where traditional size filing cabinets can't organize materials as desired.

The thirty drawer unit is the perfect storage solution for a wide variety of items. Anything from small parts to literature or office supplies to company forms can be easily organized and made accessible. The organizer's all-steel construction assures you of an outstanding value and years of use.

## Literature Sorter

- 1. Durable Construction**  
All-steel, all-welded construction provides years of reliable use. Many look-a-like products use hardboard or cardboard, offering a limited life-span.
- 2. Combine Units**  
Knockouts on sides, top and bottom allow units to be joined top-to-bottom, side-to-side, or back-to-back. Also can be joined to 30-Drawer Organizers. (See page 4)
- 3. Twenty-one Slot Openings**  
Ample sized openings for material storage and easy access. Packages of five extra trays are available as an accessory item.
- 4. Easy Access and Indexing Area**  
Angled front allows users to easily grasp material from the bottom while providing an indexing area.
- 5. Stackable**  
Knockouts on top, sides and back for tying units together in top-to-bottom, side-to-side or back-to-back configurations.
- 6. Adjustable Slot Openings**  
Removable trays can be adjusted to make openings bigger or smaller. Trays adjust on 1/2" centers.
- 7. No Assembly Required**  
Just take it out of the box and it's ready-to-use. No annoying bolts or fasteners required for assembly.
- 8. Raised Base**  
Offers protection by keeping materials raised up from floor level.

### STACKABLE UNITS

Literature Sorters can be stacked on top of each other and/or attached side-to-side or back-to-back to meet your exact storage needs. For even greater versatility, Tensco's Thirty Drawer Organizers can be integrated with Literature Sorters.

## Literature Sorters

Tensco Literature Sorters offer the ultimate in organization and access to company materials, internal documents, forms and paper supplies. They're also great for sorting and distributing incoming mail such as magazines, envelopes, etc.

Literature Sorters may be used individually or stacked on top of each other to meet your specific requirements. Tensco Literature Sorters are constructed entirely of steel, assuring an outstanding value and years of use.

### VERSATILE FILING

Tensco Literature Sorters can be custom designed to your specific applications. Simply rearrange shelves without tools to fit the material you need to organize— not the other way around.
