

Storage Cabinets

Storage Cabinets Are Not All Created Equally

If you thought storage cabinets were all the same, think again.

Tennsco storage cabinets offer a real difference. Whether your application involves office, industrial or general storage, you'll be impressed by Tennsco Storage Cabinets in their quality construction, good looks and long term performance.

Select from the following types of Storage Cabinets:

- Standard Storage Cabinets
- Deluxe Storage Cabinets
- Jumbo Storage Cabinets
- C-Thru Storage Cabinets
- Specialty Storage Cabinets

And, Tennsco's powder-coated paints, which emit no off gases, coordinate with any work environment while offering a long lasting attractive finish. (See back cover for representation of available colors and to learn more about our indoor certification.)

Just compare the *standard* features that *all* Tennsco Storage cabinets offer.

OPTIONS

Fully Assembled or Ready-to-Assemble

While fully assembled cabinets arrive ready to use, most of our cabinets can also be ordered ready-to-assemble – a great way to save money. All you'll need is a flathead screwdriver, hammer, and an included nut driver.

Recessed Handle

Optional recessed handles for selected models of Standard and Deluxe cabinets offer easy access with-out obstructions protruding into narrow aisle ways.

Caster Kit

Add mobility to Standard, Deluxe, and Jumbo (24" deep only) cabinets. Perfect for offices and other areas where materials need to be secured yet accessible at different locations. Adds 6¾" to cabinet height.

1 Adjustable Shelves

Shelves adjust in 2" increments without tools. Integrated shelf support tabs secure shelves tightly to cabinet without clips or added parts which adds rigidity and prevents small items from falling over edge or rear of shelf.

2 Reinforced Doors

Each door* incorporates an extra wide reinforcement that is welded for added strength and stability.

*Except C-Thru

3 Three-Point Locking

Just turn the handle and doors lock at three points for maximum security. Nylon guides help make operation quiet.

OPTIONS

Wood Laminate Top

Self-edged laminate top adds a work surface and provides a polished, finished look. Available in Sable Oak.

4 Chrome Handles

Attractive polished chrome handles (standard cabinets) or brushed chrome handles (deluxe cabinets) lock doors securely and allow easy opening and closing with a single turn.

5 Raised Base

Cabinet Bases use "box" construction for added overall stiffness. The raised base also keeps materials out of harm's way from cleaning liquids.

6 High Security

Standard or high-security locks are available. Keying options include standard keying, master keying (one key fits all storage cabinets) or single-key (allows all of your Tennsco products* to be opened by one key).

*Excludes Tennsco Glass Door Bookcases.

C-THRU STORAGE CABINETS

In today's security conscious environment, the need to know the contents of cabinets may be important. Tennsco's C-Thru Cabinet allows visual inspection and scrutiny without opening the cabinet.

Available in Deluxe, Standard, and Jumbo versions.

Deluxe Storage Cabinets

Our Premium Storage Cabinet

Tennsco Deluxe Storage Cabinets set the standard for quality, convenience and performance for over 30 years. Deluxe cabinets can be used anywhere and stand up to a lifetime of heavy use. This cabinet uses heavy gauge steel throughout and 16 gauge steel for the door frame. The combination makes this cabinet a clear winner over lighter duty products. Choose from assembled or unassembled versions.

DELUXE STORAGE CABINET

DELUXE WARDROBE CABINET

ADJUSTABLE LEVELERS & KNUCKLE HINGES

Two adjustable levelers compensate for uneven floors. For secure and smooth operation, Deluxe cabinets use four knuckle-hinges on each 78" high cabinet door and two on 42" high doors.

DOUBLE HANDLES

Two brushed chrome handles, with one that locks both doors, make door opening and closing easy.

LOUVERED BACK PANEL

Louvered back panel provides cabinet ventilation by allowing air circulation.

DELUXE COMBINATION CABINET

SIZE OPTIONS

Select from two depths; 18" or 24" deep and two heights; 42" and 78" high units. All units 36" wide.

Jumbo Storage Cabinets

Our Largest Storage Cabinets offering 48" Wide Capacity

Need extra capacity for those "big" storage problems? Tennsco's 48" wide x 78" high cabinet provides 33% more storage space than a normal 36" wide cabinet.

Our specially engineered shelves utilize box formed construction to accommodate heavy loads, even with the extra wide shelf span. Each extra wide door rides on four heavy-duty leaf-hinges while a three-point locking system ensures secure storage for even the bulkiest materials. Integrated levelers keep the unit level on uneven floors. Choose from assembled or unassembled versions.

This cabinet combines welded box-formed shelves, which are securely attached to a heavy gauge steel housing by six shelf tabs making this cabinet a clear winner over inferior offerings.
