F E A T U R E S

- Collaborative four-way seat design ● Distinctive, generously sculpted, dual-textured shell ● Responsive, active, posture correct back ● High-Impact, blush resistant, anti-static, one-piece polypropylene shell ● Waterfall front for enhanced circulation ● Built-in handle in seat back ● Chair inverts on desk for floor maintenance ● Innovative mobility wings in seat provide more surface and allow grips for movement ● 1-1/8" 14ga continuous leg ● Long-ferrule inside holding nylon glides ● Exclusive dual stacking system ● 13 gauge seat brackets ● Superior extra-long welds ● Concealed Rivets ● Glides make full contact with floor due to proper vertical load distribution ● Lifetime Frame Warranty ● USA Made and USA sourced raw materials ● Rainbow of shell colors

Euroflex™ Chair Specifications

Frame: 19", 17", 15" and 13" units: 1-1/8" diameter, 14-gauge Cold Roll High Strength Low Alloy Steel & support bar. One piece continuous leg. All units are welded together with two seat brackets of 13-gauge die-formed steel, integrally tying all tube parts for maximum structural integrity. Chairs can be stacked within like sizes. Frame is hard nickel chrome plated after all welding is complete.

Standard Chrome Finish: Chrome is comprised of metal layers (Nickel & Chromium) electrostatically bonded to metal. Our standard is 4-6 mills (25%-50% more than our competitors) of Nickel. Hard-Chrome will not scratch. CASS test per ASTM B 368 - 22 hours harsh tested before rust. Our product is chromed on plateable quality tubing after all welding is completed.

Glide System: Unique Patent Pending sled based toe and foot. Euro design elements and the highest quality material are combined to create the highest quality form and function in the marketplace. Incorporating our exclusive glide button system available in either nylon, neoprene, steel, or wool felt bottom. Pick the right base for the floor surface. Snap on a new base for surface change or wear replacement.

Euroflex™ Shell: Generously sculpted one-piece shell is injection molded from proprietary high impact, blush resistant polypropylene plastic with an antistatic additive. Collaborative seat design can be comfortably sat in all four directions. Dual textured surface is etched to provide a non-slip surface while assisting in maintaining like-new appearance. Responsive, active, back encourages proper task position as well as ventilation. Seat back incorporates handle for movement. Innovative design and rib pattern transfers weight to the frame while adding rhythm and movement. Mobility wings in seat provide more surface and grips for movement. Shell design allows inverted stacking on desk for floor maintenance. The shell is attached to frame with four concealed machine rivets. Waterfall front for enhanced circulation. Exclusive dual-stacking design.

Shell Colors: Available in standard Black, Navy, Wine, Taupe, Hunter, Mint, Green Apple, Teal, Cardinal, Sky, Sunflower, Sunset, Slate, Copper, Orchid, Violet, Java, and Burnt Orange.

Warranty:
● Limited Lifetime Frame Warranty
● Ten Year comprehensive Warranty

Models:
■ 3709+19" ■ 3707+17"
■ 3705+15" ■ 3703+13"

Shell Sizes:
3709-07 18.5" wide x 15.5" deep
3505-03 16" wide x 13" deep

Exclusive Glide System

Choose the glide base you need for your floor surface. When glide needs replacement, snap-lock on a new base. Nylon, Steel, Neoprene, Wool Felt
