

Classroom Cassette Player, 2 Station, 1 Watt

HA-802

Versatility, performance, reliability and value are what you get from the HamiltonBuhl HA-802 Cassette Player and Recorder.

An automatic recording level function ensures steady levels, without the need to adjust volume, and a built-in condenser microphone faithfully captures every word and sound.

There are separate jacks for remote control and external microphone.

With two 1/4" headphone jacks and one full watt of power the HA-802 is still our most economical listening center.
