SANDBOXES AND AMENITIES:

Our Sandboxes:

Action Play Systems also offers complete sandbox packages in 3 sizes. These packages include a custom cover and are constructed using our 8" high playground borders. Easy to install and maintenance free; simply fill with sand and watch the delight in your child's face. APS Sandbox packages are available in the following sizes: 4' x 8', 8' x 8' and 12' x 12'.

Below are the amounts of sand required for each size assuming a 4" - 6" depth of sand:

- 4' x 8' .56 cubic yards or 15 cubic feet
- 8' x 8' 1.07 cubic yards or 29 cubic feet
- 12' x 12' 2.35 cubic yards or 63.5 cubic feet

Our Amenities:

The functional surfaces of our furniture are covered in copolymer based thermoplastic powder coating. Thermoplastic is environmentally safe, the coating will never fade, crack, peel, warp, or discolor for the life of the product. Thermoplastic is applied at a thickness of 25-30 mils.

Tubular legs and understructure parts are made from galvanized steel and are finished with black polyester powder coating.
