

PRODUCT

Test Dividers

DESCRIPTION

Looking for a way to make your multi-student tables work for testing situations? These test dividers are an easy solution. The dividers easily clip on to any tabletop and provide just the right amount of privacy for test taking. The panel is made of a sturdy black plastic, which provides a dense, private divider. The resin clip holds the panel in an upright position and slips easily onto the edge of your table. Sold in a set of 3.
