

# Floor Rocker

## Rocking it on ground level

Today's classroom is an active, dynamic place where students are often given room to move – empowering them with choices of where to sit, how to sit and even when to sit. Depending on the task, sitting low to the ground may just be what's needed to create a comfortable and effective learning environment. We've taken this idea and rocked it with a versatile complement to the classroom that meets kids on their level.

*Virco Floor Rockers were designed with the award-winning team of Peter Glass and Bob Mills.*

## Features

- Subtle back-and-forth motion encourages healthy sitting and offers the ergonomic benefits of our standard rockers
- Sturdy, one-piece rocking base with a non-marring, BPA-free pad for smooth movement
- Available with ergonomic ZUMA, Sage or Analogy seats
- Available in 2 sizes: K - 4<sup>th</sup> Grade and 5<sup>th</sup> Grade - Adult
- Convenient hand hold makes the Floor Rocker easy to reposition as needed
- Safe, durable and ergonomic alternative solution for floor seating
- Works great for group interaction, as well as individual reading and study

## Low to the Ground

Floor Rockers work great for group interaction, as well as individual reading and study. Pair them with floor tables for a new take on flexible seating.

American-made and built-to-last in tough environments, Virco Floor Rockers are built with the legendary durability that has made our products the classroom standard since 1950.

## Floor Rocker Features

The ergonomic ZUMA, Sage or Analogy seats offer a flexible backrest and a wide, spacious seat for long-lasting comfort.

With subtle back-and-forth motion, Floor Rockers encourage healthy sitting and offer the ergonomic benefits of our standard rockers while providing a better floor seating option.

Non-marring, BPA-free pad allows for smooth and quiet movement.
