

SPECIFICATIONS

ZUMA™ Series Floor Rocker

Description: Virco's ZUMA™ Series Floor Rocker features a one-piece polypropylene bucket with a flexible backrest and a wide, spacious seat for long-lasting comfort. The bucket sits atop a sturdy, one-piece color-coordinated base which is covered in a non-marring padded cushion for a smooth rock. Rockers provide a gentle back-and-forth motion and encourage healthy sitting.

Molded Base: The unit shall have a one-piece injection-molded polypropylene base. The base is angled so that a rocking motion can be initiated when a ZFLROCK user moves forward and backward in the chair. The angled base also features a flat at-rest angle which is meant to emulate zero-gravity chairs to help the user reach natural posture while providing maximum, full body support.

Foam Padding: The bottom of the molded base shall be covered in a non-marring 4 lb. density EVA foam. The foam is attached to the base by adhesive. Foam padding shall be available only in black.

Plastic Chair Seat: The unit shall have a one-piece injection-molded polypropylene plastic shell feature a waterfall front edge to help promote good circulation and a wide, spacious seat for long-lasting comfort. Color shall be evenly dispersed through the plastic for a clean and fresh appearance. Both sides of the shell shall be textured and have an attractive handhold in the upper portion of the back with smooth edges for ease of carrying of chairs. The seat shall have contoured wrap-around flexible ribs, which are dynamically tuned to allow the upper back to flex more easily than the lower sections, a key to combing comfort with support. The seat shall be permanently attached to the frame with six 3/8" screws and associated nuts and

washers beneath the seat, eliminating traditional holes and rivets in the seating surface. Please note: ZFLROCK18 has two reinforced brackets for additional support that are riveted to the sides of the bucket.

Dimensions:

ZFLROCK18

**Sized for 5th Grade - Adult*

Approximate Seat Ht. 5-1/4"

Overall Dimensions:

18" W x 22-1/2" D x 19-1/2" H
