

Often Imitated, Never Duplicated

# Model# 84

## Double Tier Hanging Chair Truck

### GET EDUCATED

#### A Snapshot Look at the Model# 84

Hanging chair trucks are an innovative solution for many transportation and storage needs. However, not all chair trucks are created equal! The NPS Model #84 has several exclusive

benefits and features not found in imitation products. It is the goal of this publication to educate our customers so they can make an informed decision. Read on and get educated!

#### 16 gauge, 15" long hanging rods

Compare to competitor's 14- 14 1/2" hanging rods

#### Stores up to 84 chairs!

Competitor units only store 72 chairs.

#### EXCLUSIVE Tube-in-Tube Design

Additional tube welded through the entire base, offering extra support where it is needed most.

#### 14 gauge cross braces

#### 7 gauge channeled steel main frame

Superior 1 1/2" steel channel will outlast the competition.

#### COLSON® CASTERS

## CASTER CURRICULUM

National Public Seating's standard #84 Double Tier Hanging Chair Truck will hold eighty four folding chairs. Imagine how heavy that is! If each folding chair weighs approximately 12lbs, that comes out to over 1000lbs. How can

the NPS #84 transport so many chairs? Is it a smooth ride? How can only four casters support so much weight? Answer: The NPS #84 is the only chair truck on the market that uses heavy duty Colson® Brand casters, specially engineered to support heavy loads for a smooth ride while protecting floors.

Weight capacity per caster: **300 lbs.!**  
Total weight Capacity of the #84: **1200 lbs.!!**

### POP QUIZ

WHEEL DIAMETER	4 inches
THREAD WIDTH	1 1/8 inches
LOAD HEIGHT	5 inches
SWIVEL RADIUS	3 1/2 inches
THREADED BOLT	M12X40-8.8
WHEEL BEARING	Ball

Castors are made of **Thermo Plastic Rubber**: specifically designed to carry heavy loads without causing stress to your floors.

## DO THE MATH

How many storage units do you actually need?

Furniture transportation and storage can be expensive. The Model #84 Double Tier Hanging Chair Truck will easily hold eighty four folding chairs, but it does so much more as well.

What if you want to store those oversized folding chairs? Need a storage solution for folding tables? The following flow chart examines various storage challenges and

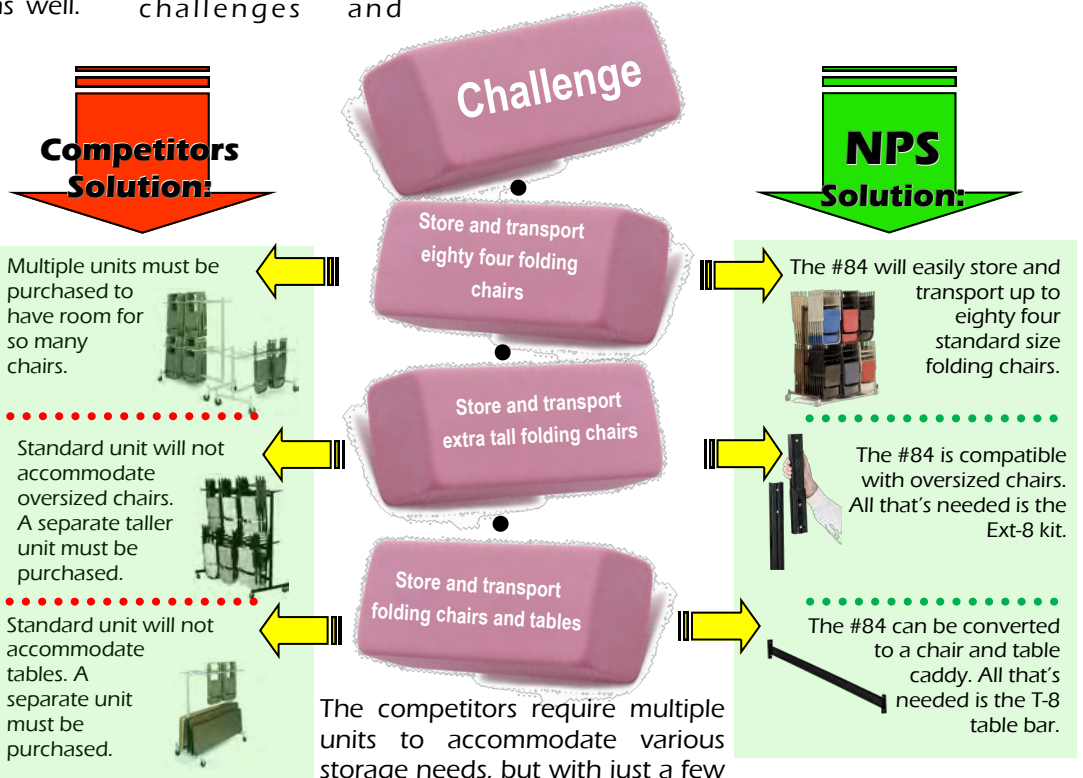

compares the competitors approach versus National Public Seating's all-in-one solution. How many chair trucks do you actually need?

### GEOGRAPHY 101:

The #84 ships with 48 hour

Quick Ship from three F.O.B. points. Our New Jersey, Tennessee, & California locations are all stocked with the #84 and are ready to ship. This means no matter where you are, you will get your #84 delivered to you, fast!
